

POD CLASSIC MINI WHITE

With a 7Ltr capacity, the Pod Classic Mini in White is a compact and versatile solution for sanitary waste disposal in any environment. Designed with simplicity and functionality in mind, the Pod Classic Mini features a sleek white exterior that complements a variety of spaces, from offices to bathrooms. Its compact size makes it ideal for smaller areas where space is limited, while still offering ample capacity for waste. With its durable construction and easy-to-use design, the Pod Classic Mini provides a flexible convenient and hygienic solution for managing waste in commercial and residential settings. Comes as a manual unit but can be easily changed to touch-free auto with the purchase of a Pod Classic Auto Sensor Box. Wall mounted or can be free-standing with the purchase of a Pod stand.
