

BIOPROTECT SEPTIC TREATMENT 5L

Guard against septic backups with BioProtect Septic Treatment. This solution fosters increased bacterial colonisation, enhancing biodegradation and ensuring a healthier septic system. Designed to be safe for toilets and plumbing, BioProtect Septic Treatment provides an eco-friendly, non-hazardous, and non-corrosive approach to septic system maintenance. With each 5-litre unit, you contribute to a septic system that thrives and promotes environmental sustainability.
