

# AUTO CUT TOWEL DISPENSER - WHITE

The Pacific Hygiene AutoSense Hand Towel Dispenser in white offers a touchless and hygienic solution for hand drying. Featuring an automatic sensor, it ensures a fresh and ready-to-use towel without the risk of cross-contamination, effectively eliminating the spread of bacteria and germs. The D50 model can dispense up to 36,400 towels before battery replacement, running on 4 x D batteries (no included), or request an optional power adaptor for zero battery convenience.
