

PACIFIC GREEN QUARTZ JUMBO 2 PLY - FSC

The Pacific Green Quartz Jumbo 2 Ply is a conveniently sized midi jumbo roll, offering good quality and eco-friendly performance. FSC-certified and made from 100% recycled post-consumer waste, this sustainable option combines responsibility with practicality. Featuring 24cm perforations for easy use, it is designed exclusively for use with the proprietary DQ38 dispenser system. Perfect for high-traffic areas, this lightweight yet durable roll provides reliable functionality while supporting the environment.
